

PISTA LINEAR SPOTS PISTA TRACK 48V LED LINEAR SPOTS (8X) 1-10V GI

When you look up to see what's giving small, charming light bursts underneath our slim rail, you'll see it: a trail of tiny but powerful LED spots. As they are fully integrated in the profile, nothing sticks out beneath. Available in a unit of 8x, in black and white structure, the spots enable designers to create accents using a linear module, and keep the visual smoothness of the track rail's line. Choose between 2 beam angles, medium or flood, and 1-10V or DALI dimming systems.
