

## THIMBLE 70 TRIMLESS LED GE

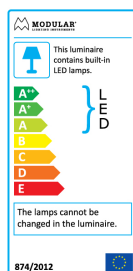

Thimble roept tegelijk beelden op van minimalisme, verrassing en technologie. Subtiële rondingen, ietwat onthullende kleuren, kwalitatieve lens en leds. Met zijn diep verzonken, niet-verblindende lichtbron is Thimble dankzij de strakke, naadloze uitvoering een stille maar toch geraffineerde keuze voor chique woonruimtes of hotels/restaurants. Deze veelzijdige, elegante architecturale neerwaartse verlichting brengt pure vormen, definitie en kwalitatief licht in elke ruimte zonder alle aandacht naar zich toe te trekken.
